

Adding an Ecwid Mini Cart to your page

Ecwid is a leading E-Commerce plugin that excels at helping businesses to easily set up a store and start selling their product quickly. Several Ecwid features can be embedded onto your PageCloud Page

Add Ecwid Product Browser to your Page

Ecwid's Product Browser is the backbone of your Ecwid E-commerce solution. It allows you to embed your store right onto your Pagecloud site so visitors can see and purchase the different products you are offering.

1. Head to your [Ecwid](#) Dashboard and navigate to the "Create Store" section.
2. After creating your store, click "Other Platform" which will bring you to different embed options Ecwid provides.
3. Select the Product Browser tab. An embed code will appear.
4. Copy the embed code provided using the CMD+C (on Mac) or CTRL+C (on Windows) shortcut keys.
5. Head to the PageCloud page you want the Product Browser to appear on.
6. Paste the embed code onto your page using the CMD+V (on Mac) or CTRL+V (on Windows) shortcut keys.
7. The embed code may appear as an empty wireframe. Don't worry, when viewed live it will display gallery as expected.
8. Click "Save" to save your changes to the page.
9. Click "View Live" to see the Product Browser on your page.

Add Ecwid Categories to your Page

Ecwid's Categories allow you to display different classes of products right within your

PageCloud site to allow for easier navigation for your site's visitors.

1. Head to your [Ecwid](#) Dashboard and navigate to the "Create Store" section.
2. After creating your store, click "Other Platform" which will bring you to different embed options Ecwid provides.
3. Select the Categories tab. An embed code will appear.
4. Copy the embed code provided using the CMD+C (on Mac) or CTRL+C (on Windows) shortcut keys.
5. Head to the PageCloud page you want the Categories to appear on.
6. Paste the embed code onto your page using the CMD+V (on Mac) or CTRL+V (on Windows) shortcut keys.
7. The embed code may appear as an empty wireframe. Don't worry, when viewed live it will display gallery as expected.
8. Click "Save" to save your changes to the page.
9. Click "View Live" to see the Categories on your page.

Add Ecwid Mini Cart to your Page

Ecwid's Mini Cart allows your customers to easily see what is in their shopping bag and start the checkout from any page that includes the Mini Cart.

1. Head to your [Ecwid](#) Dashboard and navigate to the "Create Store" section.
2. After creating your store, click "Other Platform" which will bring you to different embed options Ecwid provides.
3. Select the Mini Cart tab. An embed code will appear.
4. Copy the embed code provided using the CMD+C (on Mac) or CTRL+C (on Windows) shortcut keys.
5. Head to the PageCloud page you want the Mini Cart to appear on.
6. Paste the embed code onto your page using the CMD+V (on Mac) or CTRL+V (on Windows) shortcut keys.

7. The embed code may appear as an empty wireframe. Don't worry, when viewed live it will display gallery as expected.
8. Click "Save" to save your changes to the page.
9. Click "View Live" to see the Mini Cart on your page.

Add Ecwid Search Box to your Page

Ecwid's search box allows your customers to easily search for products that you offer in your Ecwid store.

1. Head to your [Ecwid](#) Dashboard and navigate to the "Create Store" section.
 2. After creating your store, click "Other Platform" which will bring you to different embed options Ecwid provides.
 3. Select the Search Box tab. An embed code will appear.
 4. Copy the embed code provided using the CMD+C (on Mac) or CTRL+C (on Windows) shortcut keys.
 5. Head to the PageCloud page you want the Search Box to appear on.
 6. Paste the embed code onto your page using the CMD+V (on Mac) or CTRL+V (on Windows) shortcut keys.
 7. The embed code may appear as an empty wireframe. Don't worry, when viewed live it will display gallery as expected.
 8. Click "Save" to save your changes to the page.
 9. Click "View Live" to see the Search Box on your page.
