

# Use Jotform to embed a Popup Form

Last Modified on 07/12/2017 2:46 pm EDT

You can easily add your JotForm pop-up form right into your PageCloud site.

To start, head to your [JotForm](#) pop-up form and copy the embed code provided.

Next, navigate to your PageCloud site and paste the embed code on your page.

Click "Save" then click "View Live" to see your JotForm pop-up form in action!
