Get your Tumblr Microblog on your Site

Tumblr is a microblogging meets social network platform. Tumblr allows users to share their content in short blog-like posts to make it easily digestible for their followers.

Add your Tumblr Microblog on your Page

1. Head to your Tumblr feed.
2. Copy embed code provided for the feed using the CMD+C (on Mac) or CTRL+C (on Windows) shortcut.
3. Head to the PageCloud page you would like the feed to appear on.
4. Paste the embed code directly onto your page using CMD+V (on Mac) or CTRL+v (on Windows) Shortcut.
5. The embed code will appear on the page as an embedded object.
6. Click "Save" to save your changes to the page.
7. Click "View Live" to see the feed on your page.
