Add Google Calendar on your Site

Google Calendar helps you schedule events or appointments right on your PageCloud website using your Google account.

Add Google Calendar to your Site

1. Head to your Google Calendar and copy the embed code they supply.
2. Navigate to your PageCloud page you'd like to have the Google Calendar appear on.
3. Using CMD+V (on Mac) or CTRL+V (on Windows) paste the embed code on your page.
4. An object will appear on the page that shows your calendar widget
5. Click "Save" then click "View Live" to let your visitors see your Google Calendar in action!
