Get your Spotify Music onto your Page

Spotify is a digital music streaming service that gives you access to a tone of music content that can be streamed from the web.

Add Spotify Music to your Page

1. Head to your Spotify account.
2. Go to the song, album or playlist you would like to add to your site.
3. Click on the ellipse ("...") on right. Select Share. Then select Copy Embed Code.
4. Head to the PageCloud page you would like the music widget to appear on.
5. Paste the embed code directly onto your page using CMD+V (on Mac) or CTRL+v (on Windows) Shortcut.
6. The Shopify widget embed code may appear as an empty wireframe. Don't worry, when viewed live it will display gallery as expected.
7. Click "Save" to save your changes to the page.
8. Click "View Live" to see the Spotify widget on your page.

Spotify offers many different widgets and useful guides for embedding them.
