

Embed Twitch Video onto your Site

If you are interested in streaming live gameplay on your website, PageCloud offers the best native Twitch integration in the website building space, and a number of professional gamers already call PageCloud home.

Add Twitch Video to your PageCloud Site

1. Head to [Twitch](#) and find the video (or video stream) you wanted to embed on your site.
2. Copy the embed code provided for the video using the CMD+C (on Mac) or CTRL+C (on Windows) Shortcut.
3. Head to your PageCloud page you'd like the Twitch video to appear on.
4. Paste the embed code directly onto your page using the CMD+V (on Mac) or CTRL+V (on Windows) Shortcut.
5. Click Save, and View Live to see your Twitch video in action.
