

Have Better Analytics with Crazyegg

Crazyegg provides a huge amount of web analytics to help you better understand how visitors are interacting with your PageCloud site. One of its standout features is the heat map view which gives an incredible visual of where people spend time on your site based on where their cursor is pointing.

Add Crazyegg Analytics

1. Head to your [Crazyegg](#) account and copy the script code they provide.
2. Copy the tracking code script they provide using CMD+C (on Mac) or CTRL+C (on Windows).
3. Head to your PageCloud page in edit mode.
4. Paste the embed code using the CMD+C (on Mac) or CTRL+C (on Windows) shortcut.
5. Click "Save" to save your changes to the page.

To confirm the code is firing correctly, head to [Crazyegg Script Check Tool](#) to scan the page for the code.
