Show a collection of things for sale with Shopify collections

Shopify is an end-to-end e-commerce platform that gives you the ability to build an online storefront, accept payments, track stock, and manage your sales all through their easy to use platform.

Add Shopify Collections to your Page

1. Head to your Shopify store.
2. Set up a Sales Channel for a Buy Button by clicking on the "+" sign next to Sales Channel in the left side bar of your page.
3. A list of sales channels will appear in a pop-up window. Find the "Buy Button by Shopify" sales channel and click the "+".
4. Click "Create a buy button".
5. Click "Collections" Tab. Then select the collection you would like to embed onto your page.
6. You will now arrive at the collection creation menu for the particular collection you've selected. Here you can adjust the styling of the collection to fit your own unique brand.
7. Click "Generate Code" in the top right of the screen.
8. Click "Copy code to clipboard".
9. Head to the PageCloud page you would like the Collection to appear on.
10. Paste the embed code directly onto your page using CMD+V (on Mac) or CTRL+v (on Windows) Shortcut.
11. Your collection will appear as an embedded object.
12. Click "Save" to save your changes to the page.
13. Click "View Live" to see your collection and sale button on your page.
