

Buy a Custom Domain Name

A custom domain name is a unique, personalized url that you can register and use as your address on the web. For example www.pagecloud.com is our custom domain name for Pagecloud. This is a great way to add a professional touch to your website.

All single site annual plans come with a free domain name through our domain partner Hover.

Getting your free custom domain name through Hover

If you have purchased a single site annual plan then your subscription has come with voucher for a free domain name from our partner Hover, valued at \$13 USD.

To redeem your voucher follow these instructions:

- Click the **Domain** tab under settings in the left toolbar in your dashboard
- If your site is not already published, you will need to [publish your website](#) and choose a premium plan to add a custom domain. Choose an annual plan to get the free domain voucher.
- Look for the message about your free custom domain voucher, click the **Find your domain** button.
- Enter the domain name you would like to register and click the **Find your domain** button.
- You will be taken to Hover where you can continue to find your perfect domain. Your voucher will be automatically applied at checkout.

Getting a domain elsewhere

There are many domain providers you can use to purchase a domain name, perhaps you have a favourite you've used before, the choice is yours.

Once you've purchased one see our [guide to connecting your domain name to Pagecloud](#).
