

Use Embed Stories to Add your Instagram Stories

Include your Instagram stories on your website, and have them automatically update, using Embed Stories from Embed Social.

Embed Instagram Stories

1. Head to your [Embed Stories](#) and Link the Instagram account for the stories you'd like to embed.
2. Copy the embed code Embed Stories provides.
3. Head over to your PageCloud site where you'd like the story to appear.
4. Paste the embed code using the CMD+V (on Mac) or CTRL+V (on Windows) shortcut keys.
5. Click Save and View Live to see your Embed Reviews in action.

You can customize the style, color, and layout of your embedded story right within Embed Stories.

Embed Stories offers a special discount code for PageCloud subscribers! Use **pagecloud** at checkout to get 50% off your first 6 months.
