Add Age Verification Pop Up with Ageverify.co

Ageverify.co allows you to embed an age consent pop up on your site.

How to Add Age Verification to your PageCloud Site

1. Head to Age Verify builder here .
2. Select a Age popup template.
3. Under Website Platform select "Other/None/Unknown"
4. Copy the embed code provided.
5. On the page you want to display the Age Verify embed, open the editor.
6. Paste the code provided at the bottom of the editor before the closing tag.
7. Click "Save & Close" then Save the Page.
8. When Navigating to the page, the Age Verify embed will now appear.
