

Adding Youtube Videos to your Page

Youtube is the most recognized video-hosting and sharing platform in the world. You can easily add and adjust the Youtube videos on your PageCloud site.

Add Youtube Video to your Page

1. Head to the PageCloud page you would like the video to appear on.
2. From the [Left Side Bar](#), select "Apps" and drag the Youtube App icon onto the page.
3. An input field will appear to include the Youtube video URL.
4. Head to the [Youtube](#) video you would like to embed on your site.
5. Copy the URL of the Video using the CMD+C (on Mac) or CTRL+C (on Windows) shortcut.
6. Paste the Youtube video URL onto your page using CMD+V (on Mac) or CTRL+v (on Windows) Shortcut.
7. Click OK to have the Youtube Video generated on the page.
8. Click "Save" to save your changes to the page.
9. Click "View Live" to see the embedded Youtube video on your live page.

Add Youtube Video to your Page - Using Youtube URL

1. Head to the [Youtube](#) video you would like to embed on your site.
2. Copy the URL of the Video using the CMD+C (on Mac) or CTRL+C (on Windows) shortcut.
3. Head to the PageCloud page you would like the video to appear on.
4. Paste the Youtube video URL onto your page using CMD+V (on Mac) or CTRL+v (on Windows) Shortcut.
5. The embedded video will appear on the page.
6. Click "Save" to save your changes to the page.
7. Click "View Live" to see the embedded Youtube video on your live page.

Adjust video settings by selecting the video and heading to the Video tab in the [Editing Menu](#).
